

# 3 Power Moves

## TO MAKE YOUR 2020 MEGA

### 1. **DECIDE** on your destination.

Imagine leaving for an important meeting without confirming the location. Identifying your destination is critical to making the most of your 2020. Devote quiet time to seeking guidance for your goals and aspirations in prayer. (Proverbs 16:9)

### 2. **DISCOVER** your direction.

Once you've locked in your destination, the next step is navigating the path to get there. Just as Google Maps delivers multiple options to arrive at a specific location so too does life. There are many roads to your specific goals, find wisdom in selecting the best path for your life. (Psalm 32:8)

### 3. **DEFINE** your tribe.

Defining your tribe is about more than filling up the roster. It's about unearthing the hidden potential in your team, evaluating the impact of your inner circle and recognizing the specific roles each individual fulfills. Your dream is only as strong as your team. (Proverbs 27:17)
